

# + Bodywork and Paint

## +Job Description

We are looking for someone to join the growing team in our Refinish and Preparation Department. Here, we rectify minor defects in fibreglass bodies and panels, and prepare a variety of substrates for a bespoke paint process. We machine polish, detail and prepare the vehicles for customers to a showroom finish

## + Essential Job Functions

- Using Bodyfiller to repair and refine fibreglass panels
- Preparing fibreglass, aluminium, steel and plastic panels for bespoke paint process
- Mixing and applying spray filler and primers
- Preparing primed panels for topcoat
- Mixing and applying basecoat and clearcoat
- Machine polishing using both rotary and dual action polishers
- Occasionally smart repairs
- Other tasks related to coachbuilding

## + Education and Experience

- The ideal candidate will have an enthusiasm to learn new techniques and processes, an attention to detail and strive to produce high quality work. You'll be someone who is a team player and who is willing to work together to produce the best possible vehicles for the customer's needs.

### *Preferred but not essential*

- · Experience repairing and preparing fibreglass panels
- · Experience in vehicle repair, refinish or relevant area
- · An NVQ or equivalent in vehicle refinish or relevant area
